All Recognised Clearing Corporations
All Depositories**

Madam / Sir,

Subject: Standard Operating Procedure in the cases of Trading Member / Clearing Member leading to default

1. SEBI vide circular dated December 17, 2018 had specified Early Warning Mechanism to prevent diversion of client's securities and consequential action(s) to be initiated by the Stock Exchanges ("SEs"), Clearing Corporations ("CCs") and Depositories were also specified in the said Circular.
2. With the introduction of uniform membership structure of Trading Member ("TM") and Clearing Member ("CM") across all segments, the TM shall make good the default of its clients to the CM and the CM shall make good the default of its clients / TM to the CC. The default of TM may not necessarily lead to default of CM, if the CM continues to fulfill the settlement obligation with the CC. To protect the interest of non-defaulting clients of a TM and /or non-defaulting clients / TM(s) of the CM, in the likely event of default by TM / CM, there is a need for Standard Operating Procedure ("SoP") enumerating the steps to be taken by the SEs / CCs / Depositories in such cases where SE / CC is of the view that TM / CM is likely to default in repayment of funds or securities to its clients.
3. In order to harmonize the action amongst all SEs / CCs / Depositories in a time bound manner this SoP has been prepared in consultation with SEs, CCs and Depositories so as to achieve uniformity in implementation of actions. The SoP lays down the actions to be initiated by the SEs / CCs / Depositories within a time frame after detection of the early warning signals as laid out in the Circular dated December 17, 2018 and other triggers as laid down in this circular until declaration of defaulter of TM / CM by the SE / CC. Once the TM is declared defaulter, the proceedings shall be in compliance with the bye-laws, rules and regulations of SE / CC respectively.
4. On analysis of early warning signals or any of the following triggers, if the SE / CC is of the view that the TM / CM is likely to default in the repayment of funds / securities to its clients and / or fail to meet the settlement obligations to CM / CC, where:
 - a) There is shortage of funds / securities payable to the clients by Rs. 10 crore (SE may have their own criteria) and / or
 - b) TM / CM has failed to meet the settlement obligations to CM / CC and / or

- c) There is sudden increase in the number of investor's complaints against the TM / CM for non-payment of funds and / or transfer of securities,
