Value (Rs. in Crore)	78960	30095

### Dematerialisation

Over the last one year, the demat volume and value have increased by 68 % and 162 % respectively.

### Settlement

Over the last one year, the settlement volume and value have increased by 293% and 227 % respectively.

Settlement	Nov 2003	Nov 2002
Quantity (Crore)	79.19	20.41
Value (Rs. in Crore)	7447.46	2278.86

## What's New?

### Operating From Disaster Recovery Site (DRS)

CDSL is pleased to announce that it has implemented a new, state-of-the-art business continuity programme with effect from December 20, 2003, that will strengthen safeguards for the financial markets against operational failure due to any disaster. After successful testing of operations from CDSL's DRS with few DPs on December 6, 2003, all users of the CDSL system were connected to DRS on December 20, 2003, to carry out the entire operations seamlessly, including inter-depository transactions. CDSL system users were automatically connected to CDSL's DRS from start of day (SOD), without any special efforts at the user's end. The key standards include the use of another seamlessly operational data centre to store and process transactions of beneficial owners. This new arrangement will enable all users to resume their technical operations within an hour of any event that disables the primary data centre. CDSL's fully functional state-of-the-art DRS is situated at a remote location, where data is simultaneously updated from the main site through a high-speed connectivity.

### Certification Programme on Depository Module - BCCD

CDSL in association with the BSE Training Institute (BTI), is shortly launching a certification programme on depository module titled "**BSE's Certification on Central Depository (BCCD)**". All registrations for the BCCD programme will be handled by BTI. The certification test will be conducted online by BTI, which has tied up with various centers of Zee Interactive Learning Systems Ltd. (ZILS). On successful completion of the test, the BCCD certificate will be issued by BTI.

### How to write your CDSL demat account number in public issue forms :

While subscribing to a Public Issue (IPO), an accountholder is required to mention his demat account number in the IPO application form, if he desires to obtain credit of allotted securities in the dematerialised form. It is observed that in some cases, the IPO application form contains a 16-block format for filling in the CDSL demat account number. However, in case of some others, separate blocks are provided in the application

form for giving details of **DP-Id** and **Client-Id**, thereby creating some confusion in the minds of the investor.

While mentioning the CDSL demat account number in the IPO application forms (in cases where separate blocks for giving details of DP-Id and client IDs are provided), the demat account number can be written in the following manner:

DP ID	<First 8 digits of the 16 digit BO ID>
Client ID	<Next 8 digits of the 16 digit BO ID>

E.g. If the demat account number is 13025800 00001234, the same can be written in the following manner on the IPO application form—

DP ID	13025800
Client ID	00001234

### Major Future Releases

In order to facilitate market participants and investors to adapt to the shortening settlement cycle, CDSL has been making regular enhancements to its system. CDSL has always been unceasing in its efforts to provide its users, with a range of new features and enhancement of existing ones, to enable speedier transaction processing, increase the data storage capacities and enhancing service standards despite increase in volumes.

CDSL will soon be introducing certain facilities as a part of its system enhancement program, which will provide its users additional benefits as mentioned below:

- A facility to print aesthetically designed reports based on crystal report software.
- A maker – checker feature is facility in the Pledge module, in order to provide dual control over the transactions entered through this module. This will help the DPs to maintain an enhanced audit trail of all transactions.
- **A pledge upload facility, which allows a DP to integrate Back office with CDSL system.**

### Name change of Computech International Limited to MCS Limited

Subsequent to the acquisition of share registry division of Computech International Limited by MCS Limited (Registrar and Transfer Agent), its name has been changed from "Computech International Limited" to "MCS Limited", Kolkata.

### Discontinuation of Stockinvest Scheme

The Reserve Bank of India (RBI) has issued a Notification No. DBOD.NO.FSC.BC. 42/24.47.001/2003-04 dated November 5, 2003, withdrawing the Stockinvest Scheme with immediate effect. RTAs and Issuers would, therefore, reject any IPO/Rights application forms accompanied with a stockinvest..

### Securities Market Awareness Campaign

Under the aegis of SEBI's initiative 'Securities Market Awareness Campaign' to 'empower the common investor through education', CDSL in association with the Stock Exchange, Mumbai (BSE) has held over 50 investor awareness seminars at various cities/towns in Maharashtra. The response received from the various centers has been overwhelming. In certain cities like Nagpur the response from investors was so overwhelming, that another program was held on the next day for all such investors who could not be earlier accommodated at the venue.

### Admission of Debt Instrument With CDSL

While most of the issuers of debt instruments prefer to admit their securities with both depositories, there may still be a few, who, being not aware of the benefits of admitting their securities with both the depositories, might have been admitting debt securities in either one

of the depositories. As in case of equity, the admission of debt instruments with both the depositories permits movement between buyers and sellers across the depositories. This improves marketability of the securities, leads to better price discovery and offers an opportunity to account holders across the depositories to be able to make investment in such instruments. SEBI, through its circular dated November 1, 2002 has made it mandatory for the issuers to admit their debt instruments on both the depositories. Similarly, RBI has made it mandatory for the Banks, Financial Institutions, Primary Dealers, Mutual Funds etc. to hold their portfolios as also to make investments only in demat form.

### easi to become easiest

CDSL is in the advanced stage of establishing a common platform for issuance of delivery instructions through its internet facility "**electronic access to securities information & execution of secure transactions**" - (*easiest*). The "*easiest*" facility will provide an anytime anywhere kind of freedom to investors to issue delivery instructions. Besides enabling them to meet the strict deadlines of delivery set under the T+2 regime, it will also obviate the need of their visiting DP offices to obtain instruction slips and to lodge them with the DP.

## Infoline Update

### **easi**-electronic access to securities information

#### 1. What is *easi*?

*easi* is a convenient, simple to operate facility, which allows Beneficial Owners (BOs) and Clearing Members (CMs) to access their demat account through an Internet enabled PC for obtaining information about their holdings and transactions, anywhere, 7 days a week, 24 hours a day, through CDSL's website [www.cdslindia.com](http://www.cdslindia.com).

#### 2. Why should I subscribe /register for the *easi* facility?

A BO/CM should register for *easi* as it allows him an anytime-anywhere access of the holdings and transactions in his demat account. Thus, a BO can, not only monitor his account but also does not require to approach his DP each time a statement of account is required. The portfolio valuation facility also saves valuable time for investors in looking up stock quotes daily. The almost real-time information available through *easi*, makes it very convenient for a BO to make effective decisions on his portfolio.

#### 3. Can all BOs /CMs use this facility?

Yes, this facility is available to all BOs and CMs. However, a BO can avail of this facility only if the DP with whom he maintains his account is registered for this facility. A CM on the other hand can avail of this facility by directly registering with CDSL, even though his DP has not subscribed to the *easi* facility. The list of DPs who have subscribed for *easi* services is available in the 'What's New' section of CDSL's website [www.cdslindia.com](http://www.cdslindia.com).

#### 4. How easy is my *easi* registration?

Registering to *easi* is a very simple process:

1. Log into our website site [www.cdslindia.com](http://www.cdslindia.com), enter your BO-ID and other details and print the registration form.
2. The printed registration form duly signed by all holders of the demat account should be submitted to your DP.
3. On verification of the details, your DP will activate your login for *easi* and the password will be sent at your specified e-mail ID.
4. With your login ID and password you can now access your demat account.

#### 5. What facilities are available on *easi* for BOs?

A BO can use *easi* for:

- a. Viewing, downloading and printing of details of holdings and status of transactions on almost real time basis, anytime-anywhere.
- b. Obtaining the valuation of his holdings in his account as on the previous day closing price on BSE.
- c. To print / download the statement of account as and when required.

#### 6. What facilities are available on *easi* for CMs?

All the facilities available to BOs are also available to CMs. *easi* also provides a convenient overdue report to CMs which facilitates them to monitor pay-in of securities. CMs can view the overdue status of pay-in instructions provided by clients and can also monitor the client level payout through *easi*.

CDSL's *easi* facility will keep you updated about your demat account status, in bare detail, at a time and place that you choose to access the information – keeping you in complete control. We are sure that demat transacting from now on will be an efficient and enjoyable experience.

**Register now by logging on to our website [www.cdslindia.com](http://www.cdslindia.com) and experience the convenience of demat at your fingertips.**
