REVERSAL OF ERRONEOUS TRANSFERS - ONLINE FACILITY

CDSL, vide communique no. [CDSL/OPS/DP/1769](#) dated November 06, 2009, had informed its DPs regarding the procedure to be followed for

reversal of erroneous transfers on account of data entry error committed by DPs or error committed by BO in the Delivery Instruction Slip [DIS] or error by Clearing Member (CM) in transfer of securities.

The reversal procedure had to be initiated by the DP with whom the debited BO account was maintained. The DP had to submit the reason for erroneous transfers in prescribed formats along with supporting documents to CDSL. It was often observed that the prescribed formats submitted by the DP were subject to typographical errors and the supporting documents were incomplete. This resulted in delays in the reversal of erroneous transfers, thus causing inconvenience to the BOs.

With a view to further ease the process CDSL is pleased to inform that it has released a facility whereby the DPs can set up an online reversal request using their easiest login by entering the necessary details. For details about the online reversal procedure, please refer to communique no. [5872](#) dated April 13, 2016.
